Cross Country

I always loved running...it was something you could do by yourself, and under your own power. You could go in any direction, fast or slow as you wanted, fighting the wind if you felt like it, seeking out new sights just on the strength of your feet and the courage of your lungs.

Jesse Owens

Every habit and faculty is preserved and increased by correspondent actions, as the habit of walking, by walking; of running, by running.
Epictetus

Should Not Be Here!

Runners just do it - they run for the finish line even if someone else has reached it first.

CHALLENGE

Twenty years from now
you will be more
disappointed by the
things you didn't do
than by the ones you did
do. So throw off
the bowlines.
Sail away from the safe
harbor. Catch the trade
winds in your sails.
Explore. Dream.
Discover.

Determination

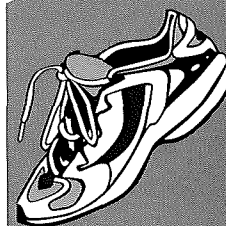

It's easier to go
down a hill than
up it but the view
is much better at
the top.

Henry Ward
Beecher

*Alone we can do so
little; together we
can do so much.*

Helen Keller

Spectacular achievements are always
preceded by unspectacular preparation.
Roger Staubach

Ability is what you're capable of doing.
Motivation determines what you do.
Attitude determines how well you do it.

Lou Holtz

Just go out there and do what you've got
to do.

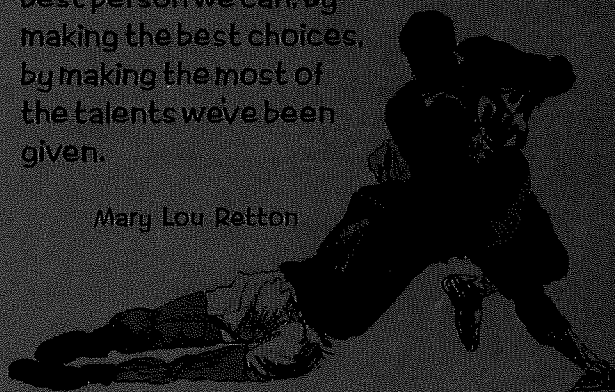

Martina Navratilova

Leaders aren't born, they are made. And
they are made just like anything else,
through hard work. And that's the price
we'll have to pay to achieve that goal, or
any goal.

Vincent Lombardi

As simple as it sounds,
we all must try to be the
best person we can; by
making the best choices,
by making the most of
the talents we've been
given.

The Makwa staff would like to thank the following people for their assistance in creating the 2005 edition of our yearbook:

- 1). Mrs. Susan Wilson, who gave her time and offered her extensive knowledge in the creation of our entire yearbook;
- 2). Members of the Mesasa staff, who worked with us as teachers and guides in establishing proper layouts;
- 3). Ms. Kimberlyn Forte, who patiently advised us and provided much needed encouragement as we toiled to meet deadlines;
- 4). The parents of junior high students, for offering pictures or providing lists of names for the numerous activities in which their children are involved;
- 5). Individual students, who helped identify other students in pictures, and who brought in photos for our use;
- 6). Most importantly, Mrs. Jaine Wyatt, for her unfailing generosity with her time, her clever, creative ability, and her patience while working with us to create a valuable piece of OHJHS history.
